PacePlus Inc
Pace+ – V2.0

To Drummond Group:

The Mandatory Disclosure statement of costs and any additional transparency information for our certified product(s) is attached to this letter and will be posted along with the required product information on our website here:

<https://www.paceplus.com/onc-certification>

PacePlus Inc agrees to notify Drummond Group of all future changes to its transparency and disclosure language for this certified product version.

We understand and agree that the ONC Health IT Certification Program Final Rule statement gives Drummond Group, as an ONC-ACB, the sole responsibility for ensuring compliance and determining appropriate consequences if EHR technology developers fail to divulge accurate transparency and disclosures information.

We understand and agree that we will provide to Drummond Group copies of or give access to all websites, marketing materials, communication statements, and other assertions made by your organization regarding the ONC certification status of this product in a reasonable time to ensure the transparency and disclosures information is being accurately disclosed.

Faran Ali Jafri
Project Manager
PacePlus Inc

A handwritten signature in black ink, appearing to read "Faran Ali Jafri", with several horizontal lines drawn through it.

Capability	Description of Capability	Costs or Fees <i>Types of costs or fees that a user may be required to pay to purchase, license, implement, maintain, upgrade, use, or otherwise enable and support the use of the implementation or use of the capability -OR- in connection with the data generated in the course using the capability</i>
§170.315(b)(10) Electronic Health Information Export	Enables export of electronic health information in a standardized format for a single patient or patient population.	No cost or fees associated
§170.315(d)(1) Authentication, Access Control, and Authorization	Controls system access using secure authentication methods and role-based permissions.	No cost or fees associated
§170.315(d)(12) Encrypt Authentication Credentials	Protects authentication credentials by encrypting them during storage and transmission.	No cost or fees associated
§170.315(d)(13) Multi-Factor Authentication	Requires multiple forms of authentication to enhance system access security.	No cost or fees associated
§170.315(g)(4) Quality Management System	Establishes processes for testing, tracking, and maintaining product quality over time.	No cost or fees associated
§170.315(g)(5) Accessibility-Centered Design	Ensures the product is designed with accessibility principles to support diverse user needs.	No cost or fees associated
